

Report for rush : Docker - Back to basics

Tag : system

Type : Learning

Estimated duration : 3 hours

Start at : 2021-01-05 20:30:08.784078

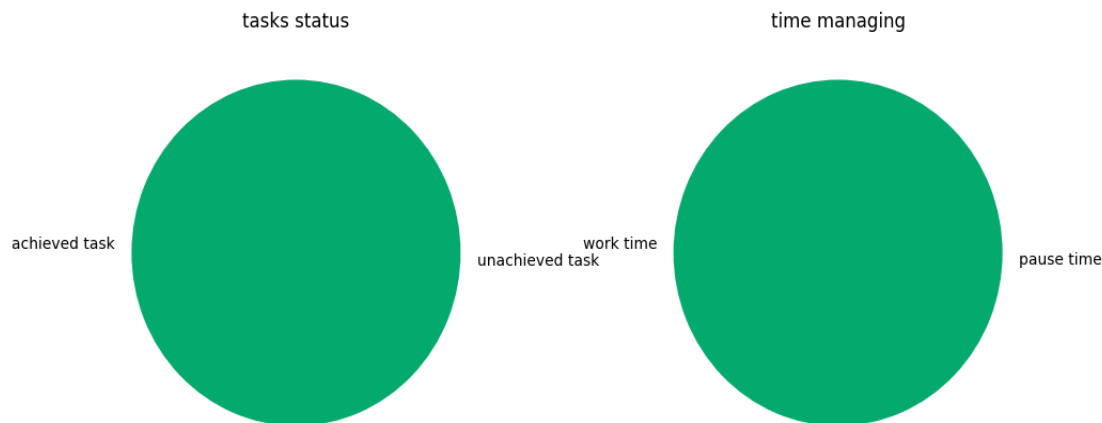

End at : 2021-01-05 23:35:30.672048

Duration : 3:05:21.887970

Description :

Re-learning docker basic component

Graphs :

Tasks :

| Task name | Description | Estimated duration | Real duration |
|----------------------|--|--------------------|---------------|
| Docker overview | Read the docker overview from official documentation (https://docs.docker.com/get-started/overview/) | 00:15:00 | 00:15:00 |
| What is a container | Watch presentation of Liz Rice (https://www.youtube.com/watch?v=8fi7uSYIOdc) to trully understand container | 00:45:00 | 00:45:00 |
| linux filesystem | Get in deep with linux filesystem and get a fresh reminder on how they work (https://likegeeks.com/linux-file-system/) | 00:15:00 | 00:15:00 |
| docker rootless mode | How rootless mode work : (https://medium.com/@tonistiigi/experimenting-with-rootless-docker-416c9ad8c0d6) | 00:30:00 | 00:30:00 |
| docker vs lxc | docker vs lxc comparison : (https://earthly.dev/blog/lxc-vs-docker/) | 01:00:00 | 01:00:00 |
| syscall reminder | quick reminder on how syscall works : (https://en.wikipedia.org/wiki/System_call) | 00:15:00 | 00:15:00 |

Timeline :
